

Engine Carbon Clean – Non Chemicals / Toxic Substances Use

This declaration is to confirm that all h2gogo Industries Limited technology, also under the brand name 'Engine Carbon Clean' and 'ECC' conform to the following.

We hereby declare that our technology, products, service and product activation does not use or require the use of any substance other than tap water. We declare that we do not use any additional liquid, powder, hazardous (known or unknown/prohibited or otherwise) material or endorse its use in the manufacture, distribution or operation of any h2gogo Industries Limited/Engine Carbon Clean products. Please note: hazardous materials are materials that represent a risk to human health, property, or the environment due to their physical or chemical characteristics.
